

Welcome to the 1st Urban International Hard and Soft Tissue Regeneration Symposium

PREDICTABILITY IN REGENERATION

It is our honor to welcome you to the 1st. Urban International Hard and Soft Tissue Regeneration Symposium in Budapest/Hungary, from 27-28th October 2017.

By attending this Symposium you will have a unique opportunity to learn about the most recent scientific findings in the field of Hard and Soft Tissue Regeneration from a group of renowned experts. Our guest speakers consist of an elite group of doctors and academics who will share their knowledge and experience, and address questions from the audience.

In addition to networking, the event is a great opportunity to exchange views and best practices with colleagues from the dental profession attending from around the world.

The Symposium will be held on 27-28th October, 2017. A day before and after the event, i.e. 26th and 29th October, there will be an opportunity to join several hands-on workshops with a limited number of attendees.

*We look forward to seeing you in Budapest this coming autumn! We believe that this Symposium will provide you both the most up-to-date knowledge on hard and soft tissue regeneration and also answer practical questions that may arise during your daily practice.
Last but not least, enjoy your stay in Budapest!*

Istvan Urban D.M.D, M.D, Ph.D

LECTURERS

Craig M. Misch, D.D.S, M.D.S

After publishing the very first scientific papers on autogenous grafting decades ago, Dr. Craig Misch is considered one of the pioneers in bone regeneration.

Kirk Pasquinelli, D.D.S

Dr. Kirk Pasquinelli is one of the leaders of peri-implant plastic surgery and esthetic implant reconstructions in the USA leading his top private practice in San Francisco.

Jose Carlos Martins da Rosa D.D.S, M.S, Ph.D

Developing the revolutionary IDR technique Dr. Rosa made esthetic implant therapy more simplified.

Hom-Lay Wang D.D.S., M.D.S, Ph.D.

Dr. Wang is #3 world ranked published author, who focuses on guided tissue/bone regeneration in attempts to repair and/or regenerate various periodontal and implant-related defects as well as oral plastic surgery.

Myron Nevins, D.D.S

Dr. Myron Nevins a legend of periodontics who's vast experience in regenerative periodontics and implant therapy will be well appreciated during this symposium.

Michael A. Pikos D.D.S

Dr. Pikos is one of leading educators in ridge and sinus augmentation in the USA. Great to have him in Budapest.

Istvan Urban D.M.D, M.D, Ph.D

Dr. Urban is an inventor of the SAUSAGE TECHNIQUE™ and the master of bone and soft tissue augmentation techniques. The author of the book: Vertical and Horizontal Ridge Augmentation.

Giovanni Zucchelli D.D.S, Ph.D

A legend and Master of soft tissues, a professor of periodontology at the University of Bologna. He has received many awards for his clinical research in periodontology and lectures extensively at major international conferences on periodontics.

HANDS-ON WORKSHOPS

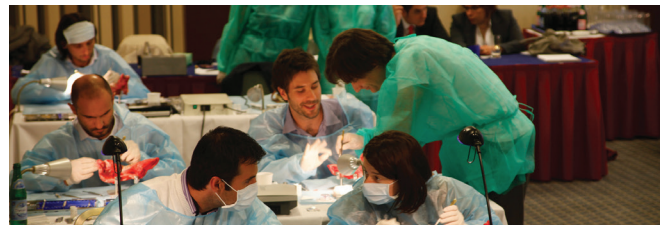

26TH OCTOBER: PRE-SYMPOSIUM WORKSHOP
At Urban Regeneration Institute

Michael A. Pikos D.D.S

Alveolar Ridge Augmentation Workshop
Registration fee for half day workshop: €450

Istvan Urban D.M.D, M.D, Ph.D

Vertical Ridge Augmentation using a newly developed membrane technique
Registration fee for half day workshop: €450

29TH OCTOBER: POST-SYMPOSIUM WORKSHOP
At Vigadó building

Jose Carlos Martins da Rosa D.D.S, M.S, Ph.D

Immediate Dentoalveolar Restoration -
1-day IDR Course
Registration fee for full day workshop: €850

At Urban Regeneration Institute

Hom-Lay Wang D.D.S., M.D.S, Ph.D.

Clinical Guidelines and Surgical Techniques for Implant Site Development
Registration fee for half day workshop: €450

ATTENDANCE LIMITED

ONLY THOSE THAT REGISTER TO THE URBAN SYMPOSIUM, CAN REGISTER TO THE WORKSHOPS!

WHY ATTEND?

- This unique symposium reviews all the different cutting edge approaches of reconstructing hard and soft tissue deficiencies.
- World-renowned clinicians who are specialize in regenerative implant therapy will present their various approaches.
- The participants will have a chance to understand and then select the most appropriate technique for their particular patient.
- Vertical and Horizontal GBR, major autogenous bone grafting, tissue engineering with growth factors, soft tissue engineering with soft tissue substitutes, as well as diagnosis and management of complications, will be presented in details.
- The participants will have a chance to do practical hands-on courses to learn their preferred technique in detail.

REGISTRATION FEE: €595

Early bird price: €495 till 11. 08. 2017

LOCATION

The place of the Venue is the Vigadó that was opened in 1833. Legendary musicians performed here like Johann Strauss, Bartók, and Liszt, prominent people had enjoyed the balls that were held here. We thought it appropriate to organize our event in this renowned building with the participation of such people, who themselves are masters in their profession, Dental Surgery.

GALA DINNER & PARTY

We would be most happy to enjoy a lovely night with you at the Gala Dinner that we organize for the participants of the Urban Regeneration Symposium. The Dinner will be held at the Sofitel Budapest Chain Bridge Hotel. We planned not just a Gala Dinner with a delicious several-course-menu accompanied by assorted wines, but a live entertainment.
